### NOTES FROM THE DEAN

Dear Friends,

I am so excited and honored to be your Dean! I'm looking forward to two years of beautiful concerts, educational workshops and classes, and everything else we will dream up together. I have lived in Albuquerque for nearly three years now, but have not yet had the opportunity to meet everyone in the ABQ chapter. To begin to address this, I will be giving you all a telephone call, starting right after the 4th of July holiday. A few things that I'd like to discuss with each of you are:

- How can our chapter be helpful to you in your life as a church musician?
- Do you have any ideas for programming, for bringing people in?
- Would you be willing or able to host a program at your church?
- May we list your name? address? email? phone number? in a password-protected area of our website? Only ABQ-AGO members would have access to this part of the website. This is a departure from the way we have done things in the past, but I believe that being able to be in touch with each other easily is so important. I will be using our phone call as a "permission gathering" moment; if any of you feel that you do not want to be listed, we will not include you in the list.

I would like to give special mention this month to Evelyn Henson (EE-veh-lin, British pronunciation) who has not only been working on our website, but has promised a Newsletter as soon as I get this message to her! Thank you, Evelyn.

Please respond to our Sub-Dean's request for players at our Members' Recital in September. A unique and wonderful opportunity awaits us at First Presbyterian, ABQ.

Nugget for the Month: Are you all familiar with James Corden's Carpool Karaoke segments on his late-night TV shows? He did a

segment this week with Paul McCartney, driving around Liverpool, England, singing old Beatles' tunes at full throttle. Back in the sixties and seventies, I was more of a church fan than a Beatles fan, but I am now old enough to feel incredibly sentimental about the Beatles and to understand the amount of joy, happiness, and passion they imparted with their music. Bringing joy to our listeners....at the core, that's really what we as musicians are all about. So, I hope that you will be able to tune in to this segment on YouTube, to laugh, cry, have a few "times gone by" moments, and to give thanks for the power of words and music.

Blessings, Nancy
